

Our community. Our standards.

A welcoming space for friendship, games, sports and shared experiences.

01 Becoming a member

Be referred by an active VYBORA member using their registered name or nickname and membership ID. Attend at least one VYBORA-hosted event and name it in your application. An admin verifies both before approval. You can attend events open to non-members first.

02 Respect the people around you

Be welcoming and considerate. Harassment, discrimination, bullying, threats and unsafe conduct are not acceptable. Respect personal boundaries and consent. Use your name or nickname consistently, and do not impersonate anyone.

03 Enjoy events responsibly

Follow host instructions, venue rules and safety arrangements. Look after equipment and shared spaces. Ask before posting identifiable photos or videos of fellow attendees and respect anyone who declines.

04 Keep the group a good place to be

Avoid spam, scams and unsolicited promotions. Keep the WhatsApp invitation private; joining may make your phone number visible to other members. Raise concerns privately with an admin.

05 Your membership and information

After approval, your membership number and WhatsApp invitation are emailed together. Details support application review, attendance checks, referrals and community communications. Activity suggestions help us plan events. Private profile details are not disclosed through referral checks.

06 Membership reviews & admin decisions

Membership may be suspended or revoked for guideline breaches. Admins review reports from one or more members, including a group, and may investigate and invite a response where appropriate. Immediate suspension may be used for safety. Admins make the final status decision without a membership vote, may remove group or event access, and notify the member. Reports alone do not prove misconduct.

One choice. Every event.

Photography, videos and publications - for members and non-member attendees.

PHOTOGRAPHY, VIDEOS & PUBLICATIONS

VYBORA may photograph and film its events. By selecting "I agree" to this media statement, you give VYBORA permission to capture and use photos, videos and audio featuring you at current and future VYBORA events for event highlights, its website, social media, flyers and other VYBORA promotional publications. This permission continues until you withdraw it, so VYBORA does not need to request it again at every event for these same purposes.

Media consent is optional and does not affect membership or event access. You may decline, change your choice or withdraw consent by contacting vyborahq@gmail.com or informing an event host. VYBORA will stop future capture and use after withdrawal and take reasonable steps to remove requested content from channels it controls. Copies already downloaded or shared by others may remain.

This applies equally to members and non-member attendees. Attendance alone does not count as agreement. VYBORA will seek fresh permission for a materially different use, such as another business using your image for its own advertising. Appropriate parent or guardian consent is required where an attendee cannot give meaningful consent themselves.

YOUR MEDIA CHOICE

Record your choice separately from the community-guidelines agreement.

- ☐ I agree to the ongoing VYBORA media permission described above.
- ☐ I do not agree to identifiable promotional photos, videos or audio.

FOR EVENT REGISTRATION

Members may use their existing recorded choice. A team registrant may record a partner's choice after the partner understands the statement, confirms their choice and authorizes its submission. Each player may decline or withdraw independently. If no choice is recorded, confirm it at check-in before identifiable promotional capture or use.
